Draf Email Booking Demo

17 vendor Tier 1 mesej siap hantar, email dan WhatsApp

Nota untuk staff: Harga, bilangan pelanggan dan rating dalam dokumen ni datang dari search snippet, bukan dari website vendor secara langsung. Yang ditanda (*snippet*) atau (*unverified*) kena sahkan masa demo sebelum guna untuk keputusan.

Semua draf di bawah siap copy-paste. Tukar [Nama] dan [No. telefon] sekali, lepas tu hantar. Sender yang aku cadangkan: **Yusuf Azmi · Minda Optima**. Jangan sebut kita tengah bina sistem sendiri.

Peraturan ringkas:

- **Email** kalau vendor ada alamat email atau contact form yang minta email.
- **WhatsApp (BM)** untuk vendor tempatan kecil. Mereka biasanya respond WhatsApp dalam sehari, email boleh seminggu.
- Hantar semua dalam satu hari. Lepas 3 hari kerja tak ada balasan, follow-up sekali dengan mesej pendek ("Hi, just following up on my demo request below").
- Bila dapat slot, terus masukkan dalam calendar dan tick master tracker dalam Demo Playbook.

Satu-satunya alamat email yang sah dalam nota research ialah sales@littlilives.com. Vendor lain kena guna contact form atau WhatsApp di homepage. Jangan teka alamat email; contact form lebih selamat daripada email yang bounce.

Subject: Demo request – multi-branch children's reading centre (Malaysia)

Hi [Vendor] team,

I run a chain of children's reading centres in Malaysia (about 20 locations, mostly primary-age kids, small group classes). We are evaluating a system to manage enrolment, class schedules, attendance, fee collection and parent communication across all branches.

Could we book a 45–60 min Zoom demo of [Product]? I would also appreciate a trial account and your pricing for a multi-branch setup.

Thanks,

Salam / Hi, saya [Nama] dari Minda Optima. Kami ada lebih kurang 20 lokasi kelas membaca kanak-kanak di Malaysia (kelas kumpulan kecil, budak sekolah rendah). Kami tengah cari sistem untuk urus pendaftaran, jadual kelas, kehadiran, kutipan yuran dan komunikasi ibu bapa untuk semua cawangan.

Boleh saya book demo Zoom 45–60 minit untuk [Product]? Kalau ada trial account dan harga untuk multi-branch, tolong share sekali. Terima kasih.

Thanks,
